mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge.

Calculus For Biology And Medicine

Calculus for Biology and Medicine motivates life and health science majors to learn calculus through relevant and strategically placed applications to their chosen fields. It presents the calculus in such a way that the level of rigor can be adjusted to meet the specific needs of the audience — from a purely applied course to one that matches the rigor of the standard calculus track.
